

Stefan Schäfer | Controller

Finances - Controlling

Stefan Schäfer is responsible for the numbers at Hamburg Institut and, with over 20 years of experience, is a true controlling expert. He is responsible for finance, controlling and the processing of third-party funds.

Previously, Stefan Schäfer had already worked at various professional stations – from universities to the private sector. He was employed full-time at Hamburg Institut from 2016 to 2019, then moved to the third-party funding department at Carl von Ossietzky University Oldenburg and came back to us three years later. He was also in charge of the controlling of the grant projects in the meantime.

His consulting expertise:

- Controlling
- Finances
- Third-party funding
